

SANTHOSH K

MEAN & MERN Stack Developer

✉ santhoshmvp333@gmail.com ☎ 7373094563 📍 AP18, 3rd St, L Block, Kurinji colony, Anna Nagar, Chennai

SUMMARY

MEAN & MERN Stack Developer with 3 years of experience in designing and developing scalable full-stack web applications. Skilled in Angular, React, Node.js, Express.js, and MongoDB with hands-on experience in building enterprise applications, authentication systems, project management tools, and community platforms. Passionate about creating responsive UI/UX experiences and high-performance backend systems

PROFESSIONAL EXPERIENCE

MEAN & MERN Stack Developer

2023 Dec – Present
Chennai

Teervu Technology

- Developed scalable full-stack applications using Angular, React, Node.js, Express.js, and MongoDB.
- Created authentication systems, checklist applications, BOQ management tools, and design community platforms.
- Focused on responsive UI design, REST API development, and optimized database management.

MEAN Stack Developer

2023 Apr – 2023 Nov
Sivakasi

Innowell Engineering International Pvt Ltd

- Built scalable web applications and REST APIs using Angular, Node.js, Express.js, and MongoDB
- Improved application performance and implemented new features across multiple projects
- Worked with cross-functional teams to deliver seamless user experiences

MEAN Stack Developer (Intern)

2022 Sep – 2022 Dec
Chennai

Sunsmart Technologies

- Developed responsive web applications using MongoDB, Express.js, React, and Node.js.
- Integrated APIs and optimized backend functionality for improved application performance.
- Collaborated with developers to build user-friendly interfaces and scalable modules.

EDUCATION

Master of Computer Applications (MCA)

(SRM Institute of Science and Technology)

2024 – 2026
Chennai, Tamil Nadu

B.Com (Computer Application)

Karpagam Academy of Higher Education

2019 Apr – 2022 Apr
Coimbatore, Tamil Nadu

CERTIFICATIONS

FITA Academy (2022)

Completed a 3-month MERN Stack Development course at FITA Academy in 2022, gaining hands-on experience in React, Node.js, Express.js, and MongoDB along with practical full-stack web application development.

PROJECTS

Timesheet

Developed a timesheet management application to help users efficiently track work hours, tasks, and daily activities. Focused on creating a responsive user interface, task management features, and seamless user experience.

WowFactory

Built a centralized authentication and access management system using MEAN & MERN stack technologies. Implemented secure login, role-based access control, session management, and API integrations for multiple platforms.

Site Audit

Developed an industry-oriented site inspection and checklist management application that enables users to create project-specific checklists, manage site visits, and monitor pending tasks efficiently.

Snag Point

Created a real-time snag tracking and workflow management system that allows users to identify issues, assign tasks to team members, and monitor project progress effectively.

Aelam

Designed and developed a Bill of Quantities (BOQ) management application for project cost estimation, quantity tracking, and budget management with improved accuracy and transparency.

Arattai Hub

Developed a community-based platform for designers and creative professionals to participate in challenges, seminars, and collaborative activities using MEAN & MERN stack technologies.

SKILLS

Angular, React.js, Node.js, Express.js, MongoDB, JavaScript, TypeScript, REST APIs, HTML, CSS, Bootstrap, GitHub, Postman, UI/UX, Authentication Systems
